

From Bean to Bar

An Excursion to Siamaya Chocolate Factory for Chocolate Making and Tasting

Do you love chocolate? Who do you know who loves chocolate? Learn how Chiang Mai based, award winning Siamaya Chocolate, handcrafts delicious all-natural chocolate bars using Thai cocoa beans and sugars and infuses them with Thai flavors.

We'll begin our tour to see where it all happens, at Siamaya's beautiful factory located at Weave Artisan Society. We will learn the details of chocolate making from the beans to the final bar. We'll taste uniquely flavored chocolate bars such as Thai coconut curry, Durian, and Hill Coffee and Pomelo. Finally, each of us will make four of our own bars filled with delicious and distinctive Thai fruits, nuts and spices. Join us for this unique learning experience. Space is limited, so register now!
