CHIANG MAI PHOTOGRAPHERS STREET PHOTOGRAPHY

With Guest Speaker Julio Etchart

Join our photography interest group, dedicated to bringing together individuals who share a passion for photography.

Whether you are a seasoned photographer or a beginner just starting out, our meetings will provide an engaging and supportive environment where you can learn, share tips and tricks, and review each other's work.

The group will explore a variety of topics related to photography, including:

- Show your images and get constructive feedback
- Composition and lighting techniques
- Creative inspiration and motivation through photo challenges and critiques
- Workshops on equipment, techniques and post processing
- Image processing and editing
- Exchange equipment recommendations, tips and insight with fellow members
- Also, Julio Etchart will give an illustrated talk on publishing his photographic travel book about George Orwell titled "Imaging Orwell in Three Continents"

All you need is a camera (any kind will do) and a desire to learn and grow as a photographer. At the meeting we will discuss picture taking around Chiang Mai and assess interests within the group to plan future meetings.
