

Let's Talk: Bridging the Language Gap with Thai English Speakers

Presented by Aj. Steven Epstein

In this workshop, we will learn how to better communicate with non-native English speakers in general, and Thai speakers in particular.

- How can you bridge this language gap?
- How can you better understand the unique English that Thais speak?
- How can you help Thais better understand the unique English that you speak?

We will put the Thai language under the microscope. We will identify key differences between Thai and English that sometimes result in misunderstanding and even communication breakdown. We will learn and practice techniques and strategies to overcome these obstacles making communication with our new Thai friends both smoother and more comprehensible.
