

Excursion to ChangChill Elephant Sanctuary

“Where Elephants Can Simply Be Elephants”

Join us for a day with elephants as they live their best lives at the new ChangChill Center. We will leave Lifelong Learning Payap promptly at 8:30 a.m and ride in air-conditioned vans for approximately 45 minutes to the new ChangChill location, which is in the San Patong area. Upon arrival, we will be greeted in the welcome center where we will learn about the elephants, their daily lives, what they eat, and how they are cared for at ChangChill. We will make medicine rice balls for the elephants and proceed to walk through the forest to see the four female elephants: one 44-year old and her female eight-year old calf, and two other females.

The walk is not strenuous and is on fairly flat ground, but please wear comfortable, closed-toe walking shoes. Along the way there are a few wooden step ladders to view the elephants from various terraces (optional). We will be served a vegetarian lunch by the local village ladies and arrive back to Chiang Mai at about 2 p.m. Bring a small fanny or backpack with bug spray, hat and water bottle.

FRIDAY, SEPTEMBER 27, 2024 8:30 AM to 2:00 PM

COST: 1,500 THB (includes transportation, admission fees, lunch, drinking water and insurance)
